

Problem

You are given two integers A and B. Your task is to calculate their sum without using the + or - operators.

Use only bitwise operators to compute the result.

Input Format

A B

Constraints

$-10^9 \leq A, B \leq 10^9$

Output Format

Print a single integer representing the sum.

Line: 2 Col: 32

Upload Code as File

Run Code

Submit Code

Test against custom input

5 7

* Trailing spaces detected in custom input

Congratulations
